=== Skill 20: SIGTSTP + Process Groups ===
Child pid=1599 pgid=1599
Child running: 1
Child running: 2
Parent sends SIGTSTP to the child process group.
Child stopped by signal 20.
Parent resumes the group using SIGCONT.
Child running: 3
Child running: 4
Child running: 5
Child running: 6
Child running: 7
Child running: 8
Child completed after resume.
